S+H CONSTRUCTION WINS GOLD AWARD

CAMBRIDGE – S+H Construction, Inc. of Cambridge, Massachusetts, one of the Greater Boston area’s premier residential renovation and custom home building companies, is pleased to announce that they have won the Eastern Massachusetts Contractor of the Year (COTY) Gold Award for “*Best Whole House Renovation.*”

The winning project – a home renovation in Belmont – was announced at the November 3, 2005 ceremony honoring all of the winning participants. The COTY awards are sponsored the Eastern Massachusetts Chapter of the National Association of the Remodeling Industry (NARI).

The annual Eastern Massachusetts COTY awards recognize the most exceptional remodeling projects and the companies that built them. This competition is widely considered the premier competition of its kind throughout the remodeling industry. An impartial panel of judges, who are considered experts in the field, selected the winners based on each entrant’s “Before and After” photography and scope of the project. Judging was based on problem solving, functionality, aesthetics, craftsmanship, innovation, degree of difficulty, and entry presentation.

“We are pleased to be honored with this prestigious award and to be recognized by our peers,” said Alex Slive, co-president of S+H Construction. “We credit the professional team effort of our project managers, job supervisors, and master carpenters who treat every job as if it’s their only one.” Added company co-president Doug Hanna, “This particular job was quite challenging and their work on it was just exceptional.”

Specializing in custom home building, residential renovations, and historical restorations in the Greater Boston area since 1979, S+H Construction, Inc. is located at 26 New Street in Cambridge, MA. For more information, call 617-876-8286, email at mail@shconstruction.com, or visit the company’s web site at www.shconstruction.com.
