**S+H CONSTRUCTION, INC. WINS NATIONAL 2007
*CONTRACTOR OF THE YEAR AWARD***

S+H Construction, Inc. of Cambridge, Massachusetts, is pleased to be the recipient of the 2007 *National Contractor of the Year (COTY) Award* – Eastern Massachusetts region – in the Exterior Renovation category. The annual award, sponsored by the National Association of the Remodeling Industry (NARI), recognizes the most outstanding companies, projects and craftsmanship in the remodeling industry.

This is the second consecutive year that S+H Construction has received a National COTY award.

The COTY competition is renowned throughout the remodeling industry and is considered the premier competition of its kind. After winning the Eastern Massachusetts NARI Silver Award for this same project in November, 2006 – a porte-cochere addition to a historic home in Wellesley – S+H Construction went on to compete on a national level before a panel of impartial judges. The judges selected winners based on each entrant’s “Before and After” photography, scope of the project, method of problem solving, functionality, aesthetics, craftsmanship, innovation, degree of difficulty, and entry presentation.

“Receiving national recognition and awards from NARI two years in a row is certainly an honor,” states Doug Hanna, president of S+H Construction. “To be acknowledged on the regional level and now the national platform for our projects is a testament to the great team of craftspeople here at S+H who consistently produce outstanding work.”

Specializing in custom home building, residential renovations, and historical restorations, S+H Construction has served the Greater Boston area since 1979 and is located at 26 New Street in Cambridge, MA. For more information about this award-winning firm, call 617-876-8286, email at mail@shconstruction.com, or visit www.shconstruction.com.
