### **S+H Construction Wins Two 2013 Regional Contractor of the Year Awards**

The National Association of the Remodeling Industry (NARI) named **S+H Construction, Inc.**, of Cambridge, MA, the 2013 Northeast Regional Contractor of the Year (CotY) in the categories of “Residential Interior \$100,000 and Over” and “Residential Exterior Specialty” at its annual awards competition.

Doug Hanna, co-president of **S+H Construction**, explained his gratitude of the awards, noting “We are honored to once again be acknowledged by NARI. Our team is made up of talented and enthusiastic individuals dedicated to their work. Every project that we work on receives the sharpest attention to detail, quality and value, and it is thrilling to see that work recognized.”

Contractors from seven regions around the country vie for CotY Awards on an annual basis. National winners will be announced and honored at NARI’s Evening of Excellence<sup>SM</sup> reception on Friday, April 12, 2013 at the Intercontinental Kansas City at the Plaza, in Kansas City, MO.

S+H Construction’s work on a Boston condominium received the award in the “Residential Interior \$100,000 and Over” category. The project, completed in 2011, involved completely renovating and redesigning the living spaces on the fourth and fifth floors. The S+H team created a welcoming living space, redesigning each room and various details throughout the space. The end result was an uncomplicated modern feel that still highlighted the period detail of the elegant 1876 built brick home.

The winning project in the “Residential Exterior Specialty” category involved creating a beautiful outdoor space while also adding a pleasant view from the interior of the house, which was also built by S+H. The homeowner wanted a tranquil area where she could spend time with family while enjoying the nature of the surrounding woodlands. The team created an inviting enclosure with ease of access from several indoor locations, including the screened in three-season room.

The National Association of the Remodeling Industry (NARI) is the only trade association dedicated solely to the remodeling industry. The Association, which represents member companies nationwide—comprised of 63,000 remodeling contractors— is “The Voice of the Remodeling Industry.”<sup>TM</sup>

Competing projects entered into this competition were completed between July 1, 2011, and November 30, 2012. An impartial panel of judges, experts within the remodeling industry and associated fields, selected winners by focusing on problem solving, functionality, aesthetics, craftsmanship, innovation, degree of difficulty and entry presentation.

To be considered for a CotY Award, a company must be a NARI member in good standing. The entries of this year's competition totaled over \$71 million worth of remodeling projects. NARI members represent an elite group of the approximately 800,000 companies and individuals in the U.S. identifying themselves as remodelers.

**S+H Construction**, one of the greater Boston area's premier residential renovation and custom home building companies, collaborates with architects and other design professionals to offer residential renovations, custom building, historic restorations, energy conservation, renewable energy, site work and landscaping solutions. Serving the greater Boston area for over 30 years, S+H provides a dedicated team who share a commitment to customer satisfaction. Their work is consistently seen in both regional and national home and design publications. Additionally the company received the 2012 Best of *Boston Home* Award which is the fifth "Best of" honor for S+H.

**S+H Construction** is located at 26 New Street in Cambridge, MA.
