S+H CONSTRUCTION NAMED BEST OF BOSTON HOME 2015 **Honored as Best General Contractor - Kids Room**

S+H Construction, Inc. of Cambridge, Massachusetts, one of the greater Boston area's premier residential renovation and custom home building companies, is pleased to be named "Best General Contractor - Kids Room" 2015 by *Best of Boston HOME Magazine*. Alongside architect, Charles R. Myer & Partners and interior designer, Andrea Birkerts Design, the room in the Rockport waterfront home is recognized for its quality and excellence in construction as well as it's relaxed vibe and color palette.

This achievement marks the sixth "*Best of*" honor for S+H. Previously they were recognized in 2012 as "Best Builder," 2011 as "Best Transitional Contractor," 2010 as "Best Classic Contractor," 2008 as "Best Kitchen Remodeler," and most notably, in 2007 as the first home industry recipient of the "Best of Boston" for "Best General Contractor."

"We are continuously humbled by the support and recognition from *Boston HOME*," states Doug Hanna, co-president of **S+H Construction**. "We hold every project to the highest standards and pride ourselves on the quality, detail, and value we offer clients. Being honored for the sixth time is truly a tribute to our team's ongoing dedication and hard work."

Boston HOME, the sister publication of the venerable *Boston Magazine*, publishes the home industry's "*Best of*" annually in their winter issue, recognizing companies they see as exceptional in their respective field. Every year the magazine selects winners by showcasing various rooms, pointing out that often people are more likely to tackle one room for a makeover rather than undertaking a whole house project.

A multi-award winning firm, **S+H Construction** collaborates with architects and other design professionals to offer residential renovations, custom building, historic restorations, site work and landscaping solutions. Serving the greater Boston area for over 35 years, **S+H** provides a dedicated team who share a commitment to customer satisfaction. Their work is consistently seen in both regional and national home and design publications.
